

Superior[®] Shade

2022 PRODUCT CATALOG

You Name It, We've Shaded It

At Superior Recreational Products (SRP), we provide you with standard and custom shade structures for nearly every outdoor location. Our line delivers creative solutions and unique designs for your biggest need — protection from the sun.

Serving Multiple Markets

We serve a variety of markets including parks and recreation, sport facilities, zoos, aquariums, hospitality, schools, and universities.

Our Top Features and Benefits

Block up to 98% of harmful UV rays

Reduce temperatures up to 25°

UV stabilized fabric to resist fading and unraveling

Frames withstand wind gusts up to 150 mph

Structures that meet local building codes

Glide Elbow™ fabric release mechanism

Up to 20-year limited warranty

Low-maintenance shade solutions

Making it Easy to Buy

We've teamed with strategic partners to ensure you have it easy when going to buy your next shade.

Material Features

Fabric

- Made from UV stabilized high density polyethylene fabric that prevents fading from the sun
- Raschel-knitted to prevent fraying and shades 34' and larger receive Kevlar® reinforced corners
- Blocks up to 98% of harmful UV rays, depending upon color choice
- Fabric breathes allowing hot air to rise and escape
- Available fabric to meet California State Fire Marshal requirements, NFPA 701, and ASTM E84

Frames

- Engineered to withstand wind speeds up to 150 mph with fabric removed
- Structural tubing complies with ASTM standards
- Finished product includes 6 to 8 mils of combined primer and powder coat — all backed by 5,000 hours of testing per ASTM Method B117

Glide Elbow™

Our Glide Elbow™ quick release mechanism allows for easy installation and removal of your fabric — in the case of a fabric refresh or inclement weather. All you need is a wrench or cordless drill (with the right sized socket). What's more, metal-on-metal wear is minimized with our fabric hook connection. Our Glide Elbow™ is backed by a [1-year limited warranty](#).

Certified Fabricator/Products

- LADBS Certified Fabricator*
- City of Houston Registered Fabricator*

*Certificate available upon request.

Warranty

Superior Recreational Products (SRP) warrants that its product will be free from defects in materials and workmanship as well as maintain structural integrity for the periods listed below from the date of invoice and once SRP has been paid in full. This warranty is in effect only if the product has been assembled and installed strictly in accordance with the setup instructions provided by SRP, good construction practices, general maintenance and care is provided as per instructions in the customer packet, and has been subjected only to normal use and exposure. Product should be maintained per the instructions given at time of delivery.

- LW** Lifetime* Warranty on stainless steel hardware
- 20** 20-Year Limited Warranty on framework
- 10** 10-Year Limited Warranty on fabric
- 5** 5-Year Limited Warranty on powder coat
- 1** 1-Year Limited Warranty on cables
- 1** 1-Year Limited Warranty on materials not above

Color Options

Frames

Backed by a [5-year limited warranty](#).

Gloss

Matte, Textured & Metallic

Traditional Fabric

This selection of fabric colors are California Fire Marshal certified, fire retardant, and pass the NFPA 701 or ASTM E84 tests. Colors marked with an asterisk are available as both flame retardant and non-flame retardant. Backed by a [10-year limited warranty](#).

Dual Shade Fabric

Available for an upcharge for our Hypar Umbrella, Triangle Sail, and Hyperbolic Sail. Backed by a [10-year limited warranty](#).

2 REASONS TO CHOOSE FLAME RETARDANT FABRIC

① Helps meeting appropriate federal, state, and local building codes.

② Permanent and reliable flame retardant properties, as opposed to fabrics treated with FR additives in a post-production application.
